

Packaging for consumer goods

ICE-CREAM, DAIRY, AND YOGHURT

Huhtamaki

Becoming the first choice for sustainable packaging solutions.

Our highly customizable paper-based products for ice cream, yoghurt, dairy, spreads, and other snacks enable you to reduce the plastic in your packaging while maintaining functionality and efficiency for production lines. We provide a full spectrum of services to give your packaging a premium look and feel.

Huhtamaki's extensive range of containers has been created to provide versatile and sustainable packaging solutions for a wide range of retail and over the counter applications.

The range includes standard sizes and customizable options, easily partnered with one of our many, versatile lids.

Lids can be stackable, with or without a spoon and tabs/films for sealing are also available.

We believe that the switch to recyclable paper-based packaging will help brand owners to significantly reduce their use of plastic and to ensure high visibility of their products on the shelves.

Ice cream

The fiber in our paper packaging can be recycled and reused many times.

All paper used in our products is certified and comes from sustainably managed forests.

A complete packaging solution delivering a significant reduction in plastic vs traditional plastic tubs.

TAILORED TO YOUR NEEDS :

- ⇒ Retail and over-the-counter options available
- ⇒ Standard sizes based on market requirements
- ⇒ Customizable, with bespoke options available on request
