

Paperboard dairy cups

Offer your customers a sustainably sourced packaging alternative, without sacrificing quality

Huhtamaki

Quality packaging, responsibly sourced

Where your package comes from is just as important as where it ends up. All the paper used in our dairy containers is sourced from sustainably managed forests. Meaning your package is promoting healthy forests with all their many benefits.

Differentiate your product on the shelf

A paper-based container that safely delivers food products to consumers, while providing a sustainably sourced package.

Product features

- FSC® Certified paperboard
- High definition lithographic printing
- Accepts heat sealable lidding
- Sizes available from 4 oz. to 16 oz.
- Paperboard lid options
- Perfect for yogurt, sour cream, spreadable cheese, and dairy alternatives

Reduce plastic

Choosing a paper cup supports your efforts to reduce plastic waste and lessen its impact on the solid waste stream.

Offering a paper-based alternative for refrigerated dairy serves as the latest addition to our commitment to putting sustainability in everything we do.
