# Huhtamaki

Huhtamaki is a leading global provider of sustainable packaging solutions for consumers worldwide. Our innovative products protect on-the-go and on-the-shelf food and beverages, ensuring hygiene and safety, driving accessibility and affordability, and helping prevent food waste. We embed sustainability in everything we do. We are committed to achieving carbon-neutral production and designing all our products to be recyclable, compostable or reusable by 2030.

As one of the few companies using cutting-edge facilities to run paper, molded fiber and plastic, Huhtamaki is focused on smart, fit-for-purpose sustainable packaging solutions. We are dedicated to growth and investment in what's important to our customers, including custom solutions to elevate your brand.

Our innovative and solutions-focused products are designed to perform while also protecting food, people and the planet. With an ambition to become the first choice in sustainable packaging solutions, Huhtamaki is committed to being your trusted partner in innovation. Together, we can make a difference where it matters, redesigning the future of sustainable packaging.

Huhtamaki

**Chinet** CLASSIC

# SAVADAY® molded fiber cafeteria trays

- Produced in the USA using materials sourced from North America.
- SAVADAY® cafeteria trays hold up to the heaviest of wet and dry foods.
- Available in traditional rectangular shape and round plate.
- Round plate mimics shape of dishware used at home, teaching portion control.
- Drink compartment in the middle of the round tray helps prevent bending.
- Shrink-wrapped packaging and smaller packs provide easier handling and reduce costs by allowing higher volume per truckload and reducing freight cost.
- Economical, environmentally conscious alternative to foam.

## Sustainable Features

- Made from at least 25% recycled material and 75% renewable resources.
- BPI-Certified compostable in commercial facilities only, which may not exist in your area.
- Trays include embossed BPI logo and compostable message, providing clear certification for commercial compost facilities.

# Molded Fiber Bowls

# Envirable® molded fiber bowls & lids

- Maintains integrity of food during transit – molded fiber composition acts as an insulator to keep hot foods hot and cold foods cold.
- Stackable for easy delivery and take-home portability.
- Available in popular industry sizes to accommodate a variety of menu items.
- Clear lids fit securely and provide food visibility.
- Customizable embossing available on lids.

## Sustainable Features

- Made from a mix of bamboo and bagasse, a byproduct of the sugar cane harvesting process.
- BPI-certified compostable. Compostable in a commercial compost facility, which may not exist in your community. Not suitable for backyard composting.
- Produced with natural fibers from annually renewable resources.
- Lids made from recyclable PET #1. Check locally; may not be recycled in your area.
